

INDEX FOR VOLUME 11

A

- Abstracts of current literature, (Jan.) 56;
(Mar.) 123; (July) 264; (Sept.) 330.
- Accomplishment of 1934 freshman class in 78
medical schools (Zapffe), (Jan.) 33.
student, (Mar.) 109.
va. hours, (July) 249.
- Address for premedical students (Bird), (Nov.)
357.
of welcome, Toronto meeting, 1935 (Bruce),
(Jan.) 1.
- American Association for Mental Deficiency,
(May) 208.
- Board of Internal Medicine, (Sept.) 326.
- Council on Education, (Mar.) 111; (May)
201.
- Amory Fund, (May) 208.
- Anatomy, preparation for the study of, in the
medical school (Schaeffer), (May) 153.
- Applicants for admission to medical schools in
1935 (Zapffe), (May) 185.
study of, for 1935 (Mar.) 110.
- Applications for membership from Canadian
medical schools, (July) 251.
- Aptitude test, medical, evaluation of, (Jan.)
15.
test: report of committee on evaluation of,
(Mar.) 106.
tests for medical schools, report of commit-
tee on (Moss), (Sept.) 273.
- Association of American Colleges, (Mar.) 109.
of American Medical Colleges, activities of
(Patterson), (Jan.) 9.
of American Medical Colleges, officers and
committees for 1935-1936, (Jan.) 47.
- Atlanta meeting, 1936, (Sept.) 317.

B

- Babbott, F. L., Jr., (Sept.) 317.
- Bevan, A. D.: Over-crowding of the medical
profession, (Nov.) 377.
- Biochemistry, teaching of (McClendon) (Sept.)
312.
- Biology, aims and trends in teaching of
(Schneider), (May) 129.
- Bird, C. E.: Address for premedical students
(Nov.) 357.
- Books, new, (Jan.) 62; (Mar.) 126; (July)
269; (Sept.) 333.
- Boston Psychoanalytic Institute, (July) 263.
- Bott, E. A.: Undergraduate instruction in psy-
chology, (July) 227.
- Brain, surgery of, in Alaska 2,000 years ago,
(Mar.) 122.
- Broadcasting, educational, national conference
on, (July) 260.

- Bross Foundation Prize (Mar.) 120.
- Brown, A.: Undergraduate instruction in
pediatrics, (July) 223.
- Bruce, H. A.: Address of welcome at Toronto
meeting, (Jan.) 1.

C

- Cancer Institute at University of Wisconsin,
(Sept.) 326.
- Cannan, R. K.: The physical sciences in the
training of the physician, (May) 173.
- Chemistry, undergraduate, in relation to medi-
cine (Holmes), (May) 140.
value of in training of physician (Cannan),
(May) 173.
- Cheney, C. O.: The nervous and mental factors
in medicine, (Sept.) 300.
- Cody, H. J.: Faculty of Medicine of the Uni-
versity of Toronto, (Jan.) 4.
- Committee on aptitude test, report of (Moss),
(Sept.) 273.
- Commonwealth Fund, 1935 report, (Mar.) 120.
- Conference, international, on fever therapy,
(July) 261.
- Congress on Medical Education, (Mar.) 111.
- Connaught Laboratories, Western Division,
(Jan.) 54.
- Course, six year medical, of the University of
Toronto (FitzGerald), (July) 209.
- Cowdry, E. V.: Teaching of histology, (Sept.)
287.
- Craig Yeiser Memorial Fund, (Sept.) 329.
- Curran, J. A.: The internship as a problem
in medical education: how the problem
is being met in New York, (Mar.) 94.
- Curriculum, medical, elective courses in, (Jan.)
58.

D

- Davis, N. S.: To what extent should clinical
instruction be afforded students of medi-
cine in regular course, (Sept.) 310.
- DeGraff, A.: Teaching of Therapeutics, (Mar.)
65.
- Dickson, E. C.: On the practical value of in-
struction of undergraduate medical stu-
dents in public health and industrial medi-
cine, (Sept.) 308.
- Dietetics, academic, at Goucher College, (July)
264.
- Doctor, significance of title of, (Jan.) 60.
- Downing, A. S., (May) 201.
- Drug nihilism and the recent graduate, (Mar.)
123.

E

- Economics, medical, new things which should be taught in a course on professional conduct (White), (Nov.) 366.
- Editorials, (Jan.) 47; (Mar.) 109; (May) 201; (July) 249; (Sept.) 317; (Nov.) 385.
- Edmunds, C. W.: Teaching of pharmacology, (Mar.) 83.
- Education in psychiatry, conference on, (Mar.) 122.
- medical, in U.S.S.R., (Jan.) 56.
- medical; internship as a problem: how problem is being met in New York (Curran), (Mar.) 94.
- medical, Nebraska state council for, (Sept.) 328.
- medical, some policies for, (Sept.) 324.
- Policies Commission, (Mar.) 111.
- university and two year medical school (MacNider), (Jan.) 42.
- Elective courses in medical curriculum, (Jan.) 58.
- Entrance requirements to medical schools (Nov.) 385.
- Ethics and medical economics, new things which should be taught in a course on (White), (Nov.) 366.
- Examination without attendance at Hiram College, (Sept.) 325.
- Examinations, review, Skidmore plan for, (July) 266.
- state board, for 1935, (July) 249.
- Exhibit, Association, at Kansas City meeting of the A.M.A. (July) 251.

F

- Faculties, medical, number of physicians and others on, in medical schools of United States and Canada (Zapffe), (Nov.) 350.
- Farrar, C. B.: Undergraduate instruction in psychiatry, (July) 235.
- Federal aid for medical students, (Jan.) 48.
- Fellowship, Mary Putnam Jacobi, (Sept.) 326.
- Fiske Fund prize essay, (Sept.) 327.
- FitzGerald, J. G.: The six year medical course of the University of Toronto (July) 209.
- undergraduate instruction in hygiene and preventive medicine, (July) 240.
- Foundation, Bross, prize, (Mar.) 120.
- Friedsam, for child neurology research, (Sept.) 324.
- Gannett, (Mar.) 119.
- Rockefeller, report for 1934, (Jan.) 54.
- University of Illinois, (Mar.) 119.
- William H. Wilder, (Sept.) 326.
- Wisconsin Alumni Research, (Sept.) 327.
- Freshman students 1935-1936, (Mar.) 109, 110.
- Friedsam Foundation, child neurology research, (Sept.) 324.
- Fund, Commonwealth, (Mar.) 120.
- Craig Yeiser memorial, (Sept.) 329.
- George Neil Stewart, (Sept.) 328.

H. H. and M. A. Rackham, gift to University of Michigan, (Mar.) 120.

Harrison Memorial, (Mar.) 119.

G

- Gallie, W. E.: Undergraduate instruction in surgery, (July) 219.
- Gannett Foundation, (Mar.) 119.
- George Neil Stewart memorial fund, (Sept.) 328.
- Germany, distribution of medical students in, (Jan.) 58.
- Government aids medical students, (Jan.) 48.
- Grades, freshman, correlation of with premedical grades and medical aptitude test scores, at Emory University (Venable), (Nov.) 337.
- Graham, D.: Undergraduate instruction in medicine, (July) 213.
- Grants for medicine and public health in 1935, (Mar.) 122.

H

- Harrison Memorial Fund, (Mar.) 119.
- Hayman, J. M.: Teaching of pharmacology from the standpoint of the clinician, (Mar.) 77.
- Hertzstein lectures, (May) 208.
- Histology, teaching of (Cowdry), (Sept.) 287.
- Holmes, H. N.: Undergraduate chemistry in relation to medicine (May) 140.
- Hospital, functions of, (July) 268.
- statistics, (May) 201.
- Hours vs. accomplishment (July) 249.
- Hygiene and preventive medicine, undergraduate instruction in (FitzGerald), (July) 240.

I

- Illinois, University of, Foundation (Mar.) 119.
- Inspection of medical colleges, (July) 252.
- Intern Placement Bureau, (Jan.) 48; (Mar.) 108.
- Intern, what he gives, (July) 268.
- Interns and residents at St. Elizabeth Hospital, Washington, D. C., (Jan.) 54.
- teaching programs for (Nov.) 385.
- Internship, as a problem in medical education: how the problem is being met in New York (Curran), (Mar.) 94.
- Internships, hospital, for theological students, (July) 265.

K

- Krusen, F. H.: Need for graduate training in physical medicine (Nov.) 361.

L

- Lutz, B. R.: Physiology and premedical training, (May) 163.
 Lyon, E. P., (May) 201.
 medical lectureship at University of Minnesota, (July) 252.

M

- MacNider, W. deB.: Teaching of pharmacology from standpoint of examiner, (Mar.) 70.
 The two year medical school and university education, (Jan.) 42.
 Mary Putnam Jacobi Fellowship, (Sept.) 326.
 Massachusetts Board gains power, (July) 251.
 General Hospital, report of committee on medical specialties, (July) 259.
 McClendon, J. F.: Teaching of physiological chemistry, (Sept.) 312.
 Medicine, industrial, and public health, practical value of teaching undergraduate medical students (Dickson), (Sept.) 308.
 nervous and mental factors in (Cheney), (Sept.) 300.
 physical, need for graduate training in (Krusen), (Nov.) 361.
 preventive, and hygiene, undergraduate instruction in (FitzGerald), (July) 240.
 undergraduate instruction in (Graham), (July) 213.
 Membership, applications for, from Canadian medical schools, (July) 251.
 Millard, P. H., memorial for, (July) 252.
 Moorman, L. J., honored, (Mar.) 111.
 Moss, F. A.: Report of the committee on aptitude tests for medical schools (Sept.) 273.
 Museum, clinical-pathological, idea of a, (Sept.) 330.

N

- Nebraska State Council on medical education, (Sept.) 328.
 Nervous and mental factors in medicine (Cheney), (Sept.) 300.
 News, book, (Jan.) 62; (Mar.) 126; (July) 269; (Sept.) 333.
 college, (Jan.) 49; (Mar.) 112; (May) 203; (July) 253; (Sept.) 318; (Nov.) 387.
 general, (Jan.) 54; (Mar.) 119; (May) 208; (July) 259; (Sept.) 324.
 Nursing and medical students, course at University of Freiburg.

O

- Otology, teaching of, (July) 260.
 Over-crowding of medical profession (Bevan), (Nov.) 377.
 Oxford University Provident Association, (Mar.) 1920.

P

- Patterson, R. V.: Activities of the Association of American Medical Colleges, (Jan.) 9.
 Pedagogy, experiment in, (Sept.) 329.
 Pediatrics, postgraduate extension lectures in Mississippi, (Sept.) 326.
 undergraduate instruction in, (Brown), (July) 223.
 Pharmacology, and drug nihilism, (Mar.) 123.
 teaching of (Edmunds), (Mar.) 33.
 teaching of, from standpoint of clinician (Hayman), (Mar.) 77.
 teaching of, from standpoint of examiner, (MacNider), (Mar.) 70.
 Physical therapy, need for graduate training in (Krusen), (Nov.) 361.
 Physicians, increase of in Vienna, (Jan.) 60.
 Physiology and premedical training (Lutz), (May) 163.
 Physics and the premedical student (Smith), (May) 145.
 value of in training of the physician (Cannan), (May) 173.
 Prize, Bross Foundation, (Mar.) 120.
 M. Carey Thomas, (Jan.) 54.
 Profession, medical, over-crowding of (Bevan), (Nov.) 377.
 Professions, aim of, (Sept.) 325.
 Program for forty-seventh annual meeting, (Sept.) 315.
 Psychiatry, education, conference on, (Mar.) 122.
 residencies in, (Mar.) 121.
 undergraduate instruction in (Farrar), (July) 235.
 Psychology, undergraduate instruction in (Bott), (July) 227.
 Public health and industrial medicine, practical value of teaching undergraduate medical students (Dickson), (Sept.) 308.
 health, Western School for, (Sept.) 328.

R

- Report of committee on evaluation of aptitude test, (Mar.) 106.
 on evaluation of medical aptitude test, (Jan.) 15.
 Requirements for admission to medical schools, (Nov.) 385.
 Research, grants for by funds and foundations, (Jan.) 55.
 supported by Wisconsin Alumni Research Foundation (July) 268.
 Residencies and internships at St. Elizabeth's Hospital, Washington, D. C., (Jan.) 54.
 in psychiatry, (Mar.) 121.
 in specialties at Wisconsin General Hospital, (July) 263.
 Rockefeller Foundation, annual report for 1935, (Sept.) 330.
 Foundation, report for 1934, (Jan.) 54.
 Russia, medical education in, (Jan.) 56.

S

- Schaeffer, J. P.: Preparation for the study of anatomy in the medical school, (May) 153.
 Schneider, E. C.: Aims and trends in teaching of biology, (May) 129.
 Scholarship in arts college and in medical school, correlation of, (Zapffe), (July) 247.
 School, two year medical, and university education (MacNider), (Jan.) 42.
 Schools, two year; resolution in re, (Jan.) 48.
 Sciences, physical, in the training of the physician (Cannan), (May) 173.
 Schwitalla, A. M., honor for, (July) 250.
 Skidmore College plan for review examinations, (July) 266.
 Smith, K. K.: Physics and the premedical student, (May) 145.
 Specialties, medical, report of committee of Massachusetts General Hospital, (July) 259.
 residencies in, at Wisconsin General Hospital, (July) 263.
 State board examinations for 1935, (July) 249.
 Student accomplishment, (Mar.) 109.
 Students, medical, in Germany, (Jan.) 58.
 Study of applicants for 1935, (Mar.) 110.
 Suicide, committee for study of, (July) 262.
 Surgery, brain, in Alaska 2,000 years ago, (Mar.) 122.
 undergraduate instruction in (Gallie), (July) 219.

T

- Teachers, number of in medical schools of United States and Canada (Zapffe), (Nov.) 350.
 Teaching, biology, aims and trends in teaching of (Schneider), (May) 129.
 clinical, to what extent should it be afforded students of medicine in regular course (Davis), (Sept.) 310.
 idea of clinical-pathological museum for, (Sept.) 330.
 of otology, (July) 260.
 of pharmacology (Edmunds), (Mar.) 83.
 of pharmacology from standpoint of clinician (Hayman), (Mar.) 77.
 of pharmacology, from standpoint of examiner (MacNider), (Mar.) 70.
 of physiological chemistry (McClendon), (Sept.) 312.
 of therapeutics (De Graff), (Mar.) 65.
 public health and industrial medicine, practical value of (Dickson), (Sept.) 308.
 public health and industrial medicine to undergraduate medical students, practical value of (Dickson), (Sept.) 308.
 of tuberculosis, (July) 267.
 Test, medical aptitude, correlation of with premedical records and freshman medical grades at Emory University (Venable), (Nov.) 337.

- Testa, aptitude, for medical schools, report of committee on (Moas), (Sept.) 273.
 Therapeutics and drug nihilism, (Mar.) 123.
 teaching of (DeGraff) (Mar.) 65.
 Therapy, fever, international conference on, (July) 261.
 Thomas, M. Carey, Prize, (Jan.) 54.
 Toronto meeting, (Jan.) 47.
 University of, six year medical course (FitzGerald) (July) 209.
 Tropical diseases, experiment in teaching, (Sept.) 329.
 Tuberculosis, teaching of, (July) 267.

U

- University of Illinois Foundation, (Mar.) 119.
 of Toronto, Faculty of Medicine (Cody), (Jan.) 4.
 Upham, J. H. J., president-elect A.M.A. (July) 252.

V

- Venable, John: Report on the correlation of medical aptitude test values, premedical records, and freshman medical grades for the Class of 1938 at Emory University, (Nov.) 337.
 Vienna, increase of physicians in, (Jan.) 60.

W

- Western School of Public Health, (Sept.) 328.
 White, P. J.: New things which should be taught in a course on professional conduct and medical economics, (Nov.) 366.
 Wilder, William H., Foundation (Sept.) 326.
 Wisconsin Alumni Research Foundation (July) 268; (Sept.) 327.
 Wisconsin General Hospital, residencies in specialties, (July) 263.

Z

- Zapffe, F. C.: Correlation of scholarship in the arts college with scholarship in the medical school, (July) 247.
 Number of physicians and others connected with the faculties of the medical schools of the United States and Canada, (Nov.) 350.
 Study of accomplishment of 1934 freshman class in 78 medical schools, (Jan.) 33.
 Study of applicants for admission to the 1935 freshman class in seventy-nine medical schools, (May) 185.
